CALL FOR CANDIDATURES

CALL FOR CANDIDATURES No. _____/ARMP/CCP-BTP/17 of _____
for the categorisation of engineering companies and consulting firms in the “Water and Sanitation” sub-sector.

1. BACKGROUND

In order to improve the performance of the public contracts system, the Prime Minister, Head of Government by Order No. 016/PM of 1 February 2016 laid down the terms and conditions for the categorisation of service providers in the Building and Public Works (BTP) sector.

In this regard, the Director General of the Public Contracts Regulatory Agency hereby calls for candidatures for the classification of engineering companies and consulting firms in the “Water and Sanitation” sub-sector.

***Note:** This excludes individual consultants and geotechnical laboratories governed by specific texts.*

2. SUBJECT OF THE CALL FOR CANDIDATURES

This call for candidatures is aimed at categorising engineering companies, consulting firms and individual consultants governed by Cameroonian law capable of conducting studies and control missions of services performed in the sub-sector concerned, in one of the following five (5) categories:

CATEGORY	LEVEL OF COMPLEXITY	COMPANIES CONCERNED
A	Very large-scale services, regardless of the level of complexity	Engineering companies and consulting firms having more than twenty (20) employees with an annual turnover before tax higher than one billion (1,000,000,000) CFA F
B	Large-scale or highly complex services	Engineering companies and consulting firms having between eleven (11) and twenty (20) employees with an annual turnover before tax higher than one hundred million (100,000,000) CFA F and not exceeding one billion (1,000,000,000) CFA F
C	Fairly large-scale or relatively complex services	Engineering companies and consulting firms having between six (6) and ten (10) employees with an annual turnover before tax higher than fifty million (50,000,000) CFA F and not exceeding one hundred million (100,000,000) CFA F
D	Medium-scale services or services of intermediate complexity	Engineering companies and consulting firms having between three (3) and five (5) employees with an annual turnover before tax higher than fifteen million (15,000,000) CFA F and not exceeding fifty million (50,000,000) CFA F
E	Small-scale or low-complexity services	Engineering companies and consulting firms having up to two (2) employees with an annual turnover before tax not higher than fifteen million (15,000,000) CFA F

Engineering companies and consulting firms can be qualified and classified in one or more categories of the following activities sectors:

a- Water:

- drinking water supply;
- drinking water boreholes;
- dikes and dams;
- Agro-sylvo-pastoral development.

b- Wastewater Treatment:

- latrines;
- sewage sludge plant;
- water treatment plant.

3. CATEGORISATION CANDIDATURE FILE

The candidates should submit a bound file comprising two volumes as follows:

3.1. Volume 1: Administrative file

The following administrative documents, not older than three (3) months, should be submitted:

❖ ***Compliance of the service provider with legal and regulatory provisions governing access to public procurement:***

1. A stamped application on the engineering Company's or consulting firm's letterhead addressed to the Director General of the Public Contracts Regulatory Agency;
2. A Certificate of Non-Exclusion (CNE) from Public Contracts issued by ARMP;
3. A clearance certificate issued by the National Social Insurance Fund (CNPS), indicating the staff number and the payroll reported by the service provider during the last three financial years or since the creation of the engineering company or consulting firm, if the later was created less than three years ago;
4. A Proof of solvency of less than ninety (90) days issued by the issued by the Court Registry of the place where the candidate's head office is located;
5. A debt clearance certificate, attesting that the taxpayer is in good standing with the Tax Administration;
6. Two (2) copies of the Statistical and Tax Declaration of the last three (3) years or since the creation of the engineering company or consulting firm, if is the later was created less than three years ago;
7. A location plan of the engineering company or consulting firm signed by its manager with pictures (external views) of the head office building attached.

❖ ***Administrative and technical structures as well as share capital:***

1. A true certified copy of the certificate of registration in the Trade Register;
2. Certificate(s) of ownership and receipt of payment of the property tax or lease contract(s).

3.2. Volume 2: Technical file

The candidate should submit the following technical documents:

❖ ***Qualification and experience of permanent staff:***

List of permanent supervisory and management staff, according to form No. 4, stating their professional skills in the given domain, as well as the required supporting documents, namely:

- A curriculum vitae dated and signed by the employee and the various documents justifying his/her experience;
- A copy of the diploma (or equivalent):
 - signed by a competent administrative authority (for secondary education);
 - authenticated by the competent academic authority (for higher education).

Note: *As concerns diplomas obtained abroad, the equivalences delivered by MINESUP are required.*

❖ ***Personal technical equipment and logistics related to the activity sector of the service provider:***

- 1- The list of personal technical equipment and logistics with corresponding supporting documents attached according to form No. 5;
- 2- The descriptive sheet of the technical and administrative sites (number and surface area of offices at the head office, and of branches if any) in accordance with form No. 3

❖ ***Level of compliance with Quality, Hygiene, Safety and Environment (QHSE) standards, according to the evaluation scale:***

- 1- Curriculum vitae of the QHSE manager;
- 2- Logistics and equipment devoted to QHSE.

Note: *Make sure you attach supporting documents.*

❖ ***Level of compliance with the labour legislation in force in Cameroon, according to the evaluation scale:***

- 1- Official report of the election of staff representatives ;
- 2- Third party liability insurance of the engineering company or consulting firm.

❖ ***Experience and references for services delivered in Cameroon:***

- 1- Detailed list of services performed by the engineering company or consulting firm in the given activity sector over the last ten (10) years in accordance with form No. 6;
- 2- Official reports of provisional and/or final acceptance;
- 3- Copies of the essential pages (those relating to the subject, the amount and the identification of contractors) of contracts or agreements executed in the “Water and Sanitation” sub-sector.

The forms hereinafter, duly filled, dated and signed, should be attached to the candidature file. These are:

Form 1: Permanent authorisation to check the veracity of declarations

Form 2: Summary of the file documents

Form 3: Candidate’s identification form

Form 4: List of permanent staff

Form 5: List of personal technical equipment and logistics

Form 6: List of the most relevant experiences and references for the last 10 years

4. EVALUATION CRITERIA

4.1. Rejection criteria:

- Absence of a document in the administrative file;
- False declaration or forged documents;
- Absence of Certificate(s) of Ownership and a receipt indicating payment of the property tax or lease contract(s);
- Absence of a minimum of required technical equipment and logistics in the smallest category of the sector concerned;
- Number of permanent technical staff inferior to the minimum required for each category;
- Absence of absence of a location plan of the engineering company or consulting firm signed by its manager with pictures (external views) of the head office building attached.

4.2. Essential criteria:

Candidates shall be evaluated at two (2) levels:

- i. Qualification
- ii. Classification

In this regard, the following shall be considered:

For qualification:

- compliance of the service provider with legal and regulatory provisions governing access to public procurement;
- administrative and technical structures as well as share capital;
- personal technical equipment and logistics related to related to the activities for which the service provider intends to provide services (refer to the minimum required in the smallest category of the given sector);
- (refer to the minimum required in the smallest category of the sector concerned);
- experience and references for services already provided in Cameroon;
- qualification and experience of the permanent staff;
- location plan of the engineering company or consulting firm signed by its manager with pictures (external views) of the head office building attached.

For engineering companies or consulting firms created less than three (3) years ago, the experience and references of the founder or technical officials shall be taken into account during the evaluation.

For classification:

- activities sector(s);
- administrative situation (number of staff and payroll);
- turnover;
- level of expertise of the permanent technical staff;
- quantity of technical equipment and logistics;
- level of compliance with Quality, Hygiene, Safety and Environment (QHSE) standards;
- level of compliance with the labour legislation in force in Cameroon;
- maximum amount of contracts for which the service provider can bid;
- experience in the delivery of the services concerned.

5. WITHDRAWAL AND SUBMISSION OF FILES

The candidature file and the evaluation scales can be obtained every day during working hours from (i) the Commission in charge of the Categorisation of Service providers in the Building and Public Works sector, found in the head office of ARMP located in Mballa II, telephone: 243 00 51 66, 243 00 49 78, 243 59 65 62, 243 73 36 49, Ee-mail: ccp-btp@armp.cm, (ii) ARMP Regional Centres or (iii) downloaded from the Commission' website (categorisation.armp.cm).

Candidature files in English or French in seven (7) copies, including **one (1) original and six (6) copies** should be submitted against receipt, to the Mail service of ARMP, telephone: 222 201 803, on the ground floor of the head office building in Mballa II, or in ARMP Regional Centres, between 7.30 a.m. and 3 p.m. latest, local time, with the indication:

CALL FOR CANDIDATURES No. _____/ARMP/CCP-BTP/17 of _____ FOR THE CATEGORISATION OF ENGINEERING COMPANIES AND CONSULTING FIRMS IN THE "WATER AND SANITATION" SUB-SECTOR.

6. COMPLEMENTARY INFORMATION

Complementary information may be obtained everyday during working hours from the Commission in charge of the Categorisation of Service Providers in the Building and Public Works sector, telephone: 243 00 51 66, 243 00 49 78, 243 59 65 62, 243 73 36 49, e-mail: ccp-btp@armp.cm, or ARMP Regional Centres.

7. PUBLICATION OF RESULTS

Categorised engineering companies or consulting firms shall be informed of the results by a release from the Director General of ARMP in authorised publications and on the websites of ARMP and the Commission (www.armp.cm and categorisation.armp.cm).
